

AEG Student Portal Manual

• Student Portal – all in one guided webpage

- The Student Portal focuses on improving your student experience.
- In particular, access your email, check your subject's information, submit your assignments, check your grades and so much more.
- To log in to the Student Portal all you need is <u>student email address</u> (Office 365 username) and <u>password</u>, and login will be authenticated.

• Why we use Student Portal?

A student portal provides an engaging student experience with a single point of access and hub to all applications, information and content. One of the biggest obstacles that a student portal removes is the number of information silos found across colleges and universities today.

It is impossible to keep track of everything individually. A modern Student Portal can provide centralized, secure access to student and facility information by connecting to these systems and pulling key information into the portal.

• How to access Student Portal on different devices?

- Webpage based on computer
 - i. Access Student Portal

If you use laptop, desktop, or tablet to access Student Portal, you can find Student Portal web page on your school website. Links show below:

- Adelaide Institute of Business & Technology (AIBT): <u>aibt.edu.au</u>
- Adelaide Institute of Higher Education (AIHE): <u>aihe.sa.edu.au</u>
- Adelaide International School (AIS): <u>ais.edu.au</u>

Normally, Student Portal will appear at top bar or main menu bar like the picture showing on Figure 1.
